The Bassetlaw Community Car Scheme is a service for local people who are unable to make a journey by public transport. Currently people use the scheme to visit friends, attend hospital/doctors appointments, go to the hairdressers or just to go shopping. The volunteer drivers will wait for up to an hour and then ensure that clients are safely at their destination.

Currently the scheme makes a charge of 42p per mile that the driver travels.

However, clients with a bus pass are entitled to a concessionary rate (currently 21p per mile). There is also a booking fee per journey of 50p. All clients must be registered to use the scheme on an annual basis.
